Risk Management and Construction Law

Thursday 5 November 2009, Sofitel, Gatwick

The fields of risk management and construction law are becoming ever more complex – and ever more important for you to understand.

You cannot afford to miss this seminar, updating you on these important areas. It is led by a partner in Berryman's Lace Mawer, members of the RIBA panel of legal advisers and of the CPD Providers' Network.

The seminar will cover:

- Due Diligence
- Securing the appointment
- Duties to clients
- Duties to third parties
- Architects' Intellectual Property Rights
- Establishing the Right to Payment
- Recovery of fees
- The architect as Court Expert.

Robert Stevenson is a partner in Berryman's Lace Mawer, Construction Division. He started work for a specialist construction practice in 1984; and joined Berryman's Lace Mawer in 1994. Robert has worked in Hong Kong, France and the Middle East, acting for a wide variety of clients in the construction industry. He has served on the JCT Drafting Committee as an ACE representative; and is a legal adviser on the ACE and RIBA legal panels. Robert is co-author, with Peter Chapman, of Construction Adjudication.
