Make sure that you face 2010 knowing that you are completely up-to-date with your CPD! What better way to round off the year than 'ticking the boxes' in three key areas? Three expert speakers will give you the latest information on their highly topical subjects.

The seminar will cover:

- **Site waste management plans** how to achieve full compliance with the new SWMP regulations. Who has responsibility for the plans? What are their implications for architects? Speaker: Julian Carter of the South East Centre for the Built Environment
- **Environmental Impact Assessments, ecological surveys and site assessments** when they are required; why we do them; Biodiversity Enhancements; and species of conservation importance. Speaker: **Katia Bresso**, Principal Ecologist at KB Ecology and formerly Ecologist with Atkins and Jacobs.
