

Planning: Practice and Policy

Thursday 23 July 2009

A look at the new Planning Act in some depth, working with planners and some legal implications for architects of working with the planning system.

Speakers who are members of the RTPI and come from the commercial sector and local government will cover topics including the following:

- Structure of the Planning Act 2008: Introduction to the primary components of the Act; know your way around
- Major Infrastructure: Develop understanding of the major infrastructure components of the Act
- Town and Country Planning changes: Develop understanding of the local planning system components of the Act
- What isn't there?: A brief review of regional planning and anticipated changes
- Discussion: What do these changes mean for architects?
- Householder Permitted Development changes: Sourcing data on and understanding the GPDO changes
- e-planning and The Standard Planning Application Form - 1App:
- Open Agenda: What do current planning system changes mean for architects? What do you need help and support with?

The seminar gives you three hours of general awareness and detailed knowledge CPD under the 'Construction Skills – Statutory Requirements' section of the RIBA Core Curriculum.

Speakers: Martin Walker (Hammonds LLP) and **Stephen Alexander** (Wolverhampton City Council)

Martin is a Senior Associate with Hammonds LLP and recognised expert in planning law. He has over 20 years experience of working for both public and private sector clients on all aspects of major employment, housing, town centre and retail developments including High Court proceedings when necessary.
