CPD 2010 Northern Network

A programme of high quality CPD seminars for all construction professionals in the north

How to book & Seminar fees

The following benefits are offered to all construction professionals as part of the CPD Club Membership:

- ▶ A free place at each of the 11 Club events.
- ▶ Free documentation and refreshments at each event.

A Club Membership season ticket costs £396 plus VAT for RIBA practices and members and £566.50 plus VAT for others.

Club Membership season ticket holders £396 + VAT
Club Guest £41+VAT
RIBA/CIAT £56.50+VAT
RIBA student £25+VAT
Others £77+VAT

Important cancellation information

Please note: Refunds for cancellation can be made up to 5 working days before the event. After this date a substitute delegate can be nominated. Please inform your regional RIBA office.

All are welcome
You can book in several ways by:

- ▶ Faxing or posting the annual booking form to your local RIBA region.

Pay-as-you-go
If you prefer to pay for seminars individually, you are welcome at any of the half-day seminars and can book on a pay-as-you-go basis. **Prices have been held at the 2009 rate.**

CPD Club Membership Season Ticket

- ▶ Bring down the cost! The CPD Club provides an economical structured approach to training and development for architects and other construction professionals to enable them to fulfill their development obligations. The Club Membership season ticket lasts for 12 months and covers 11 seminars.
- ▶ Discounted rates at additional regional CPD events.
- ▶ Complimentary quarterly CPD newsletter.
- ▶ Flexibility to transfer your place to a different participating region.
- ▶ Club Membership can be shared between 2 practices.
- ▶ 33 hours of RIBA Core Curriculum training.

where applicable. a VAT receipt and an invoice notice should be given for any cancellations. We will also issue 7 days before the seminar date. We will issue a reminder email beginning of the month the seminar is programmed for.

The topics included are communications, ICT (Information and Communications Technology) and client management skills.

The Syllabus

Health and Safety (Compulsory subject)
Two hours per year minimum. Health and Safety matters are integral to every part of the design process. Your study might include pertinent legislation, workplace health and safety, CDM regulations and post-occupancy considerations.

Professional Context
This includes the study of architectural design, sustainability and accessibility, codes of conduct, best practice, cultural context and the context of the brief.

Practice Management
This covers managing your business, your staff and time, marketing your practice, maintaining quality and minimising risk.

Managing Projects
Here the syllabus covers the beginning of the project at brief and procurement stages, through cost and risk management, to dispute resolution and facilities management.

Construction Skills
Areas covered in this section include legislation and knowledge of the roles of others within the design and construction team.

Personal Skills Development
The topics included are communications, ICT (Information and Communications Technology) and client management skills.

RIBA CPD Core Curriculum

CPD (Continuing Professional Development) is a record of working together to provide high quality continuing professional development for all construction professionals. The 2010 programme is designed to make it easy for you to benefit from the RIBA CPD Core Curriculum.

If you are an RIBA member you must use at least a minimum of 19.5 annual CPD hours to cover subjects in the RIBA Core Curriculum syllabus which is to include a minimum of two hours on Health and Safety per year. The rest of your CPD is discretionary but must total a minimum of 35 hours per year.

The RIBA CPD Core Curriculum brings clarity and a focus to your CPD attainment and is designed to be part of your annual CPD record which can remain the recommended primary deliverers of RIBA regions and RIBA CPD Providers Network. The RIBA CPD team offer guidance and the CPD Club Membership which entitles you to attend all eleven seminars throughout the year and can bring the cost down to as little as £36 per event.

We hope this flexible approach will give you more opportunity to build your personal competence and develop your personal skills.

The three northern RIBA regions have a long track record of working together to provide high quality continuing professional development for all construction professionals. The 2010 programme is designed to make it easy for you to benefit from the RIBA CPD Core Curriculum.
