Jack Pringle, RIBA President

In January 2007 RIBA Trust/Arts Inform established a programme, Architects in Residence: Designing a Greener London, in partnership with RIBA London.

Fourteen architecture practices partnered fourteen London primary and secondary schools from the Boroughs of Camden, Greenwich, Newham, Tower Hamlets and Westminster, working with over 400 pupils to develop their plans for a greener London neighbourhood or locality. The most innovative schemes and projects were selected for exhibition in the Florence Hall at the RIBA, 66 Portland Place, London W1, as part of Architecture Week 2007.
