

ARCHITECTS IN RESIDENCE: KING'S CROSS CERTIFICATE

21 June 2006

This is to certify that

Name _____

School _____

Architectural Practice _____

participated in the Architects in Residence: King's Cross programme. Their work was selected for exhibition during Architecture Week in June 2006 at the Royal Institute of British Architects.

Jack Pringle, RIBA President

In September 2005 RIBA Trust/Arts Inform supported by Argent Group PLC established a programme, Architects in Residence: King's Cross.

Six architecture practices already working on the King's Cross development partnered six Camden/Islington schools or colleges. Students were invited to develop visions, proposals or commentaries relating to the King's Cross site. The best work was selected for exhibition in Gallery 1 at RIBA during Architecture Week.
