

RIBA Register of Experts

Name	Robert Campbell
Qualifications	BSc (Hons) Architecture Diploma in Advanced Architectural Studies
Contact details	T +44 (0)141 270 7060 E robertcampbell@hka.com HKA 220 St Vincent Street Glasgow, G2 5SG www.hka.com
Relevant experience	Robert Campbell is a chartered architect with 40 years post-qualification experience specialising in Residential, Healthcare, Commercial and Conservation work. He sits on the RIAS Contracts Committee and provides "practice" support to RIAS members through RIAS Practice Services. Project work includes, new build housing, repairs and conversion, offices and residential health care and repair and conversion of listed buildings. Clients have included private individuals, housing associations, local authorities, developers and owners of places of worship. Robert is a professional practice examiner with the RIBA and Queens University Belfast and he is a visiting lecturer to Glasgow School of Art. Mr Campbell has provided opinion, on over 100 occasions, on building defects including roofing and drainage failure, rain screen cladding failure, render failure, dampness including basement failure, window and glazing failure, insulation Failure, DPC and sealant failure and personal injury. He has also been required to give opinion on the services of the architect and the work of the building contractor and building sub-contractor. Mr Campbell has given evidence on 5 occasions including at the Court of Session in Edinburgh, to an arbitration in London and to an international arbitration in Dubai. He is retained on the RIAS panel of experts and mediators and has been appointed as adjudicator thirteen times on disputes on defects, fees, certification and payment. Mr Campbell has also been appointed to provide expert determination. Mr Campbell has completed a full day training course on "Court Awareness" and a half day one-to-one training on "Cross Examination" organised by Bond Solon. He has also attended a full day training course "report writing masterclass" organised by the Academy of Experts. Mr Campbell was awarded an accreditation as an expert witness in 2012 renewed in 2019 with the Royal Incorporation of Architects in Scotland. Mr Campbell is a past member of the Chartered Institute of Arbitrators and the Academy of Experts.

RIBA Register of Experts

Name	Robert Carrick
Qualifications	B.Arch(Hons) Dip. Arch. RIBA RIAS
Contact details	CMM Architects, 202 Bath St, Glasgow G2 4HW t - 0141 204 4498 m - +44 7738956439 e - robert@cmmarchitects.co.uk
Relevant experience	Robert has over 4 decades of professional experience, firstly as an apprentice, August 1979. As a chartered architect Robert has gained an extensive range of experience at many levels and on a wide variety of building types, construction contracts and building technologies. Robert has been leading multidisciplinary teams over many years allowing insightful knowledge about the way we manage the procurement of building, ranging from very large to the small. Interested in the ways we design and construct buildings, Robert recognises the need for architects to be expert in the entire process. It is complex and requires special understanding. The way in which architects must balance the many competing interests from inception to completion requires extraordinary skills; often underestimated by the parties involved. Over many years Robert has become more involved with reporting on the circumstances that have resulted in conflict or litigation. Often Robert has found his extensive experience in the analysis of these processes has succeeded in preventing an escalation of matters. Providing insight to both sides in such circumstances, coupled with extensive technical knowledge and understanding of process Robert has found his services in demand and useful in settling disputes. A level head and an ability to look at the detail in a cold analytical manner is an advantage. Having been at the head of an architectural practice for over 20 years Robert applies his skills in this area more broadly. Robert can see how he can serve the construction industry professionally in another skilful way. Effective understanding and communication are essential. Robert has reported and opined on the following: • Appointment of an Architect. • Contract Procedures. • Change control Procedures. • Contract administration. • Cladding Systems. • Glass and Glazing. • Building failures.

RIBA Register of Experts

Name	Hamish Clark
Qualifications	BSc (Hons) Architecture Diploma in Advanced Architectural Studies Post Graduate Diploma, Construction Law
Contact details	T +61 2 9255 9100 D +61 2 9255 9135 M +61 439 103 941 E hamishclark@hka.com Level 1, 1 Hickson Road The Rocks NSW 2000 www.hka.com
Relevant experience	Hamish has over 30 years' experience as a Chartered Architect specialising in education, commercial, retail, ecclesiastical and conservation work. He is one of the in-house team of experts in the buildings group and is based in the Sydney office. Hamish was a Partner of Honeyman Jack and Robertson, Chartered Architects, for 28 years, and the Managing Partner for 20 years. He chose to retire from the Practice to concentrate his efforts as an Expert Witness. He has extensive experience as a job-running architect, largely in the role of a project managing senior architect responsible for the delivery of commissions in both the UK and the Middle East. His experience ranges from drafting architectural and consultant appointments to feasibility studies, scheme designs, statutory approvals, production information, detailed specification, performance writing, condition surveys and reports. Additionally, Hamish has worked on contract administration and procurement, and his early experience included North Sea construction projects and the construction of oilfield support facilities in the Middle East. Hamish has completed a Diploma in Construction Law and is a Member of the Chartered Institute of Arbitrators. In addition to having been an examiner for the final "Part 3" RIBA professional examinations, he lectured in Professional Practice to the Department of Architecture at the University of Strathclyde for 5 years. He has given evidence and been cross-examined in the International Court of Arbitration in Singapore and the Court of Session in Edinburgh. His expert reports cover matters such as building defects, compliance with building standards, design, standards of workmanship, professional negligence and contract administration and in addition to his own reports, Mr Clark has co-ordinated and reviewed expert reports prepared by specialist experts in acoustics, glass and swimming pools.

Relevant experience	Peter is a chartered architect with a wide range of experience gained over three years of practice in both the private and public sector across the UK. Projects have included commercial properties, hotels, leisure, ecclesiastic work, and residential at design, detailing, and contract administration stages. A particular area of emphasis is heritage management. Peter is accredited in conservation at the highest levels of the three principal UK schemes with emphasis on regeneration planning and listed building consent issues, conservation areas, designed landscapes, archaeology, scheduled ancient monuments, grant funding, and traditional building repairs. Peter's work includes both civil actions and public inquiries. He is experienced in court including giving evidence before the All Scotland Personal Injury Court. In the last three years he has been involved in two major public inquiries at Loudoun Castle, Ayrshire, and the former Royal High School in Edinburgh. Since 2019, Peter has been chair of the RIAS Practice Committee, which advises members on issues including liability, building regulations, professional responsibilities, and government policies. He sits on the RIAS Council. Between 2008 and 2014 he was national chairman of the Architectural Heritage Society of Scotland and now sits on their National Conservation Committee.

RIBA Register of Experts

Name	Robert W. H.-Evans
Qualifications	A.A. Dipl., R.I.B.A., M.A.E., UK Registered Expert
Contact Details	ArchiFACT Ltd: www.ArchiFACT.co.uk, R.W.H.-Evans: RobertEvans@ArchiFACT.co.uk, fact@ArchiFACT.co.uk 07889051234 Registered Office: 11 Park Drive, Huddersfield, HD1 4EB 01484515701 South-East Branch: Piano House, St Leonards-on Sea, TN38 0AP 01424429597
Relevant experience	A chartered architect with wide experience gained during more than four decades of architectural practice, Robert has developed expertise in the roles of: architect, design-leader, project-manager, contract-administrator, development-controller, technical-auditor, planning-supervisor, party-wall-surveyor, building-surveyor, expert-witness, lecturer and author. He is responsible for the development of forensic architecture and construction technology services combining architectural and engineering practice with specialist forensic services. The work extends to various parts of Europe and Africa. In this role he has directed over 100 technical and forensic investigations gaining a reputation for giving authoritative, reliable advice and the preparation of dependable, compelling evidence. Robert has undertaken 110+ expert appointments. These have covered variously: professional negligence, faulty construction, patent infringement, copyright infringement, non-compliance with statute, breaches of contract, delay. Appointments include: single joint expert, prosecution expert and party expert with expert evidence prepared for disputes governed variously by the regulations, standards and laws of: the Channel Islands, France, Gibraltar, Hungary, Isle of Man, Poland, Scotland, Seychelles, Spain, The Netherlands, Ireland, England & Wales. Most appointments resulted in the resolution of the dispute avoiding full formal proceedings.

RIBA Register of Experts

Name	Alex Fleming
Qualifications	MA (Cantab), Dip Arch, RIBA, MCIArb
Contact details	William J Marshall & Partners LLP 43 Palace Street Westminster London SW1E 5HL Tel: +44 (0)20 7592 1122 Email: awf@williamjmarshall.co.uk
Relevant Experience	Alex Fleming has wide experience of designing many different building types and providing details and specifications for their construction. He has directed large and small teams of architects and technicians and overseen the establishment of studios and joint ventures abroad and in the UK, negotiated permissions and approvals, and administered contracts ranging from domestic alterations to major town centre redevelopments. He is regularly instructed as an independent Expert to investigate professional and technical issues and to assist with the resolution of complex disputes in mediations, adjudications, arbitrations, and in English, Welsh, Scottish, European and Middle Eastern Courts.

RIBA Register of Experts

Name	Richard Francis
Qualifications	BSc (Hons) Bath; BArch (Hons) Bath; ARB; RIBA
Contact details	Practice Director, Architect and Expert Witness AWW Rivergate House, 70 Redcliff Street Bristol BS1 6LS And 106 Weston Street London SE1 3QB 0117 9232535 Mobile 07971 079350
Relevant experience	Richard is a Chartered Architect and, since 2007, the Practice Director of AWW, an award winning AJ100 practice with offices in London, Bristol and Plymouth. In the course of the last five years Richard has held Director and Project Architect responsibility for works totalling over £100M construction value. His interest in all legal aspects of practice have led to him securing expert witness assignments where his 32 years' post qualification experience of contract administration, certification, design and specification of materials, budgetary control and variations stand him in good stead. He is objective, considered and even-handed in his approach to expert report writing. Richard has access to the combined skills of the 90+ staff in 3 offices of AWW, which, in addition to substantial architectural construction expertise, includes Planning, Interior Design and Space Planning Specialisms. He has been appointed expert witness in cases relating predominantly to statutory or technical aspects of a consultant's performance where the adequacy of procedure, drawn information and documentation is questioned; but also in cases where the contract administration of a project was the main issue in dispute. Richard has been a member of the UK Register of Expert Witnesses since 2010.

RIBA Register of Experts

Name	Euan Geddes
Qualifications	BSc (Hons) Architecture Diploma in Advanced Architectural Studies LLM in Construction Law Advanced Professional Award in Expert Witness Evidence
Contact details	T +44 (0)141 270 7060 D +44 (0)141 406 5093 M +44 (0)7784 207643 E euangeddes@hka.com 220 St Vincent Street Glasgow G2 5SG, UK www.hka.com
Relevant experience	Euan is a chartered architect with over 25 years of experience, most of which was at director level in a busy, medium-sized commercial practice. Euan is also an experienced expert witness, having prepared reports and briefing documents for use in a variety of forums; including litigation, arbitration and adjudication. This has covered all aspects of architectural work from construction defects and contractual disputes through to professional negligence. Euan's professional experience covers all the RIBA Plan-of-Work stages, including architectural appointments, feasibility studies, scheme designs, statutory approvals, production information, detailed specification and report writing. He has acted as lead consultant and contract administrator throughout his career and is well acquainted with a variety of procurement routes. In terms of personal development, Euan is an active member of several professional organisations and contributes to their day-to-day activities. This helps to keep him abreast of the issues currently affecting architects: • Architects Registration Board (ARB): Investigation Panel Member • Royal Incorporation of Architects in Scotland (RIAS): Accredited Expert Witness and Adjudicator/ Council Member/ Contracts Committee Member/Practice Services Consultant • Architects Professional Examination Authority in Scotland (APEAS): Professional Examiner.

RIBA Register of Experts

Name	Kevin Goodenough
Qualifications	BA (Hons) DipArch RIBA
Contact details	G2 architects, Studio 1.17 Paintworks Bath Road, Bristol BS4 3EH t - 0117 972 1105 e - keving@g2architects.co.uk w - www.g2architects.co.uk
Relevant experience	Kevin is a Chartered Architect with 40 years of experience in private practice, and a founding Partner of G2 architects formed in 2001. The practice has particular experience in the housing and healthcare sectors, receiving commissions from individual clients, housing associations and developers, doctors' practices and healthcare trusts, university colleges, research organisations and charities. Kevin has in-depth knowledge of all stages of the briefing, design and construction processes. His project experience includes new buildings in urban and rural settings, including greenbelt sites and areas of outstanding landscape character/value, and designs for the conversion/extension of historic Grade I and Grade II* listed properties. He has experience of a variety of contractual arrangements from architect-lead design teams and traditional tendering, to alternative forms of design & build contracts, providing valuable insight into the different roles and responsibilities of designers and contract administrators, and their duties towards clients. This has been supplemented by the RICS Expert Witness Certificate after specialist training on • The Expert Witness role, responsibilities and appointment • Part 35 Report writing, including Case Study preparation • Conducting effective Expert meetings • Court procedures, including barrister cross-examination on Case Study report Kevin has been instrumental in resolving building contract disputes in relation to delays, extension of time and loss & expense claims involving complex technical and contractual matters, and has directed forensic investigations of building defects leading to the successful implementation of remedial works.

RIBA Register of Experts

Name	Rebecca Grimshaw
Qualifications	B.A (Hons) B.Arch (Manc), ARB, RIBA, AABC
Contact details	Anthony Grimshaw Associates LLP 6 Bridgeman Terrace, Wigan. WN1 1SX Tel: 01942 245777 Email: aga@anthonygrimshawassociates.co.uk Website: anthonygrimshawassociates.co.uk
Relevant Experience	- Conservation work on historic buildings using appropriate materials and techniques. - New work within a historic setting. - Impartial/confidential opinion on existing problems from building defects through to professional negligence allegations. - Advice on building contract matters with a view to resolving disputes amicably, without the need for formal proceedings. - Party Wall Surveyor. As a practising Architect with over 30 years' experience Rebecca has an excellent understanding of the construction process on a wide variety of projects from healthcare buildings to education and the private sector. In the past 20 years her particular experience is of working on Listed buildings (including Grade I). Working in the historic sector Rebecca often takes on projects that have involved a previous Architect prior to her involvement. In some instances, previous decisions have contributed to ongoing issues. Resolving these requires skill and diplomacy as well as extensive knowledge of the building, its history and the related contractual issues. Rebecca has been told that she has excellent communication skills with a specific ability to explain complex technical issues to a lay audience. Rebecca has extensive experience of writing technical reports, particularly in the conservation sector. On graduating she was awarded the Percy Thomas prize for work in the Part Three Professional Practice examination (largely Contract Law). This area of Architectural work remains of particular interest to her. Rebecca has been on the Register of Architects Accredited in Building Conservation since 2005, Category 'A'. She has been an examiner for the RIBA North West Region Final Examinations in Professional Practice and has been a member of the judging panel for the RIBA Awards. Rebecca is a member of SPAB.

Name	Deborah Kirk
Qualifications	BSc (Hons) Architectural Studies MSc Computer Aided Building Design LLM Construction law SRF BTEC Level 7 Advanced Professional Award in Expert Witness Evidence
Contact details	T +44 (0)141 270 7060 E DeborahKirk@hka.com HKA 220 St Vincent Street Glasgow, G2 5SG www.hka.com
Relevant experience	Deborah Kirk is a chartered architect with over 17 years experience in the architecture and construction sectors, specialising in residential, student accommodation, commercial, hotel, education, healthcare, sports and custodial work on projects ranging from £2M through to in excess of £50M. Deborah is experienced in working through all RIBA Plan of Work stages from inception through to completion and handover. She also has experience ranging from appointment of design teams to feasibility studies, scheme designs, statutory approvals, production information, detailed specifications, report writing and on-site construction works. Deborah has worked as a job-running architect in private practice and latterly as a regional design manager in a main contracting environment. She is currently employed as an Associate Technical Director at HKA, working as part of the in-house architectural team. Deborah has been commissioned as an independent expert and has assisted in the preparation of a number of expert reports. She has recently joined the panel of Inquirers at the ARB and is also a Part 3 professional examiner for the Architects Professional Examination Authority in Scotland Ltd (APEAS). Deborah is also an accredited expert witness for the RIAS. Deborah's particular areas of expertise include: defects, detailing, failure of detailing and workmanship. She has experience of professional negligence/conduct matters involving architects, issues involving scope of service/appointment, matters concerning compliance with building standards and cladding systems.

RIBA Register of Experts

Name	Gerard McLean
Qualifications	BA, DipArch, RIBA, FCI Arb, MAE
Contact details	Email: gmclean@probyn-miers.com Telephone: 0207 583 2244 Mobile: 07584 210 021
Relevant experience	In the last eight years Gerard has been instructed in approximately seventy cases as a party appointed expert witness, by solicitors acting on behalf of insurers, employers, architects, contractors and subcontractors, in a wide range of construction disputes, ranging in value from £20,000 to £15,000,000. These disputes commonly relate to professional negligence claims against architects, in relation to performance of their design, inspection and contract administration duties. Equally commonly, and often in relation to the same project, the disputes involve allegations of breach of contract on the part of the contractor. Gerard has also given advice in relation to more specialised claims, including claims against architects regarding their advice on procurement; infringement of architects' copyright in their design work; fee disputes over the stage of completion of design reached prior to termination of an appointment; and design responsibility for work carried out by specialist subcontractors. Gerard has also on occasion been instructed as a single joint expert. Gerard is a contributor to the Construction Law Journal on matters related to, or arising from, his practice as an expert witness.

RIBA Register of Experts

Name	Professor Anthony John Monk
Qualifications	Dip Arch (UCL) M Arch (Yale) RIBA ARIAS FFB MAE MEWI CDA Chartered Architect

Relevant Experience	As a practicing Architect, a published Author, an Educationalist and an accredited Expert Witness, Anthony has found that these disciplines enable him to undertake a wide spectrum of both large and small legal instructions covering Architectural Professional Practice, Contract Procedures and Building Technology. Anthony has some 30 years of Building experience as a Senior Partner in running the major practice Hutchison Locke + Monk (now HLM Architects). He was the Author of the book " <i>Hospital Builders</i> " published by Wiley- Academy ISBN 0-471-48964 on hospital procurement. He was also Head of Architecture at Bedfordshire University and lectured on Professional Practice and Design and Technical defects. Anthony is an Expert Witness accredited by both the Academy of Experts and the Expert Witness Institute. He is part of a team of experienced architects in Edgington Spink Hyne that specialises in Expert Witness Assignments.

RIBA Register of Experts

Name	Philip James Morris
Qualifications	BA (Hons) Arch, PG Dip Arch, Adv Dip Arch, MSc (Hons) Construction Law and Arbitration
Contact details	Philip Morris Consulting Limited 42 Sherman Drive, Rainhill, Prescot, Merseyside L35 6PW Tel: +44 (0) 151 426 7969 +44 (0) 7798 624 936 Email: philip@philipmorrisconsulting.co.uk
Relevant experience	Philip has expert knowledge in all aspects of Carpentry and Joinery, Architecture and Construction gained through twenty-seven years of 'hands-on' participation as both designer and constructor in these fields. Philip has a trade background as a Carpenter and Joiner, and has, since attaining RIBA Chartered status, practiced as a Chartered Architect for 13 years. Post-graduation, Philip continued his quest for knowledge and gained an MSc in Construction Law and Arbitration, thereafter achieving registration as a member of the Chartered Institute of Arbitrators (MCI Arb). Philip now practices full time as a Senior Consultant in the area of dispute resolution (Mediation, Adjudication, Arbitration and assisting in Litigation) in an industry-leading firm that specialises in such matters. Years of varied and diverse construction industry knowledge, continually being updated through CPD, combined with his wealth of experience, allows Philip to provide expert testimony in his relevant fields of expertise. Philip accepts appointments as both joint and single expert, advising and reporting on design, specification, materials, compliance and workmanship issues involving Employers, Contractors, Sub-Contractors and Suppliers. Philip is currently reading a part-time PhD in a related construction area of expertise.

RIBA Register of Experts

Name	Simon J Potter
Qualifications	BA, DipArch, RIBA
Contact details	Email: architects@johnpotterarchitect.com Telephone: 01661 853 345
Relevant experience	Simon has over 30 years experience working upon more than 195 construction related disputes, including allegations of professional negligence; defective design & construction; and, negligent contract administration, inspection and certification. Working in large, medium sized, and small practices, Simon has comprehensive experience of the design and construction of numerous building types, from inception to completion. He runs a small busy Practice and is involved in all stages of the provision of architectural services, including research and development work, and the provision of consultancy advice to construction product manufacturers. Simon has been involved in the development of British Standards, and works with research organisations involved in testing innovative construction techniques and materials. Simon is frequently instructed to provide expert advice and to act as an expert witness by building owners, contractors, material suppliers and other architects. He acts for insurers upon professional negligence matters, upon the instruction of solicitors throughout the UK. He acts in litigation, mediation, arbitration and adjudication as a single-party expert and as a Single Joint Expert. Simon has given evidence at the Technology and Construction Court, and has on two occasions been instructed by the Court in the removal of a Court appointed SJE.

RIBA Register of Experts

Name	Ian Salisbury
Qualifications	MA(Oxon) DipArch RIBA FCI Arb RSUA
Contact details	St Thomas' House 6 Becket Street Oxford OX1 1PP Tel: 01865 250777 Email: ian@salisbury.eu Website: www.salisbury.eu
Relevant experience	Ian Salisbury is a chartered architect and chartered arbitrator, also acting as mediator, conciliator and adjudicator. As an architect he is retained as an expert witness and to provide expert determinations. With experience of several hundred appointments, over 70% of his clients have settled by agreement. He has provided consultancy services for dispute avoidance and dispute resolution in the following areas: • the operation and breach of building contracts and sub- contracts, including the assessment of delay; • the appointment, payment and performance of architects and other building designers; • building defects, including fire damage, flooding and landscape works; • surveying, valuation and risk analysis; • issues relating to copyright and other intellectual property, and • professional conduct and disciplinary proceedings. Ian Salisbury is retained on the panels of several professional bodies and is President of the Society of Construction Arbitrators. Published cases in which his opinions as an expert architect have been relied upon by the Court include <i>Cala v McAlpine</i> [1995] F.S.R. 818, <i>Jones v London Borough of Tower Hamlets</i> [2001] R.P.C. 23 and <i>McGlenn v Waltham Contractors and others</i> [2007] CILL 2441. Only two of his decisions as an arbitrator have been appealed, both being upheld: <i>V P Developments v Penwith District Council</i> [2007] EWHC 2544 (TCC), and <i>Dawes v Treasure & Son Ltd</i> [2009] EWHC 1932 (TCC).

RIBA Register of Experts

Name	Nathan Silver
Qualifications	MA (Cantab) B Arch (Columbia) MAE RIBA
Contact details	Nathan Silver Architects 19 Regency Street London SW1P 4BY Tel: +44 (0) 207 834 9300 Email: ns@nathansilver.com Website: www.nathansilver.com
Relevant experience	Nathan's professional career has involved him in the design and construction of a comprehensive range of building types, including many complex ones, for which he has had to deal with both traditional and innovative technical, analytical and contractual problems. On the basis of his extensive experience Nathan has also successfully practiced as an expert witness, taking on almost 150 consultant assignments in disputes and litigation since 1991. While his remit as an expert witness has been as wide as his experience in planning, design and construction and his skill thereby can meet all general professional requirements, his special knowledge and experience of particular matters has proved appropriate and has made a pronounced contribution in some kinds of cases—see website for further details. Nathan's experience and instructions have included service as: - single joint expert - expert in multi-party actions - legal aid-funded expert - mediator - adjudicator - arbitrator - RIBA-registered Client Design Advisor - architectural competition assessment.
